1LIMS VERSION 6.4

MORE POSSIBILITIES

This update includes **new features**, improvements, and *bug fixes* based on user testing and feedback.

1LIMS VERSION 6.4

1 MORE TIME

Streamlined communication using an improved e-mail service setup for **all users**, enhancing consistency and efficiency.

1LIMS VERSION 6.4

2 MORE FLEXIBILITY

Users can open a report template with the view permission in COA Configurator and Layout settings.

1LIMS VERSION 6.4

3 MORE CONTROL

The Test Plan Filter "Items" has been improved by adding a new selection option called "All".

This will make it **easier** to filter and view all items at once.

1LIMS VERSION 6.4

4 MORE PRECISION

The analysis **indicates** that the maximum number of decimal digits in the calculated results is 8.

1LIMS VERSION 6.4

5 MORE CREDENTIALS

Improvements have been made to the layout and functionality of custom report templates to **speed** up the process of generating conform reports.

1LIMS VERSION 6.4

6 MORE SECURITY

Mobile device input has been improved, allowing **safer** data entry and status checks.

HAPPY AND **SAFE** LAB WORK

Your feedback is **essential** to our continuous improvement.
